Oli,

I just wanted to express my gratitude and satisfaction with you and your products. I meant to call you a few days ago. Upon arriving home, I started to rip open the boxes for the CC-370 and Monitor 7 you sold to me. They are awesome! I can truly say that nothing sounds the same—not even close. Now, all I need is that Marantz receiver to go with them, and of course eventually the surrounds. That may not be for a while depending on circumstances, but be assured you have my business. I will surely turn to you for any of our AV needs. Thanks again for your business. I truly appreciate you helping me out in getting what I wanted. I am looking forward to visiting you again soon. Hopefully very soon!

Sincerely,
Nathan Diaz
